

MIKROS

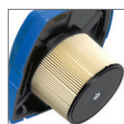

The latest new entry of Wirbel house among the small professional vacuum cleaners. It is a happy combination of power and manoeuvrability, sturdiness and lightness that makes this unit highly competitive. The use of PP and a new system of sound-dampening, allows the vacuum cleaner to be even more silent. The 1000 watts industrial motor and its notable resistance allows the vacuum cleaner to be wholeheartedly placed next to the most sophisticated units of specifically professional use.
Energy efficiency class: B.

Hard floor base
+ microfibre
pad

New fixing
system

Cartridge filter

Frontal
mouthpiece
air exit

Closure clamp

Paper filter
bag
