

### The smart way to clean floors

The BA/CA 410 scrubber/dryer represents the best in floor cleaning design. It is compact, but with its 43 cm scrubbing deck, has all the features normally associated with larger machines. It can handle all types of floors and is even capable of tackling stripping tasks. ECO Solution as standard.

The BA/CA 410 is a compact machine with big equipment features. Easy to handle, economically priced unit can clean at a rate of 1.720 m<sup>2</sup> per hour.

Plus, because of the detailed attention we give to ergonomics, it can produce this kind of high productivity without creating operator fatigue.

The machine is supplied with either mains cable or battery drive power. The battery version comes fully fitted with batteries, an onboard battery charger and cleaning brush, and is ready-to-use without the need for costly extras.

Both versions feature the ECO water and chemical saving concept and are suited to a wide variety of institutional or commercial applications.

### PRODUCT FACTS

- Some Battery versions come fully fitted & ready to go
- Easy to use, simple to maintain and top cleaning results with the minimum of effort
- Large 43 cm scrubbing deck
- A built in hook protects the brush from possible damage during transportation
- A special wheel protects the brush during parking and ensures an easy transportation
- Removable recovery tank for easy cleaning, and for full access to batteries and main components
- Machine can be purchased with or without batteries, charger, and prolene brush.
