The new ultra-compact scrubber dryer Rolly 7 ½ is the right answer to the professional cleaning demand. Comfort in narrow spaces, where no one arrives: - 7,5 liters of tank capacity, its dimensions, combined with a special handle (patented) and swivel wheels allow Rolly to go and work in small areas. Top cleaning and drying results: - the cylindrical brush deck, with three different down pressure adjustable by knob, against every kind of dirt; - an unbelievable alternate twin squeegee system (patented), for top drying results and optimized consumptions at the same time; - low noise level (only 54 dbA), perfect for day cleaning and in all the environments (hospitals, resthomes, schools...) where silence is a must. A start & go machine No training required, everybody can use Rolly: - all the main functions can be managed by the intuitive control panel; - coloured levers and knobs clearly help the user preparing the machine for work or while using it; - effortless maintenance. Rolly ½ E 33 is the electric version with a standard power supply kit case and a 15 meters cable.
